1.2. LAN Play. Most rounds of the season will be played at live events, except when specified in the Regular Season Schedule. LAN matches will have varied match and side choice schedules and will be shared by event managers as the season progresses.

1.3. Regular Season. This phase consists of a best-of-three double round robin, with each team playing each other team twice, one with first side choice and once with second side choice.

1.4. Regular Season Tiebreaker. In the event that multiple teams are tied in the standings at the conclusion of the Regular Season (as defined as having the same number of matches won), then any teams so tied will have their ties broken by head-to-head record. Any ties that cannot be broken in this fashion will be broken by fastest average win time.

1.5. Conference Playoffs. This phase consists of a two-round single elimination tournament among the top four teams based on Regular Season win record and tiebreaker (if applicable). The winning team will advance to the College Championship. The semifinals will be best-of-three and the finals will be best-of-five.
